

Service Offerings

Quadrint is a small business prime contractor for the Intelligence Community. Our five core service offerings are built on demonstrated technical capabilities and a deep bench of cleared staff and trusted partners. Over the past two years we have tripled in size to keep up with customer requirements. We are proud to offer our experience powering the intelligence mission.

Cloud Integration

- Quadrint has migrated 25% of NGA's systems currently running in the C2S cloud. Our cloud efficiencies reduced infrastructure costs by 30%.

Agile Software Development

- Our application of agile methodologies for application development resulted in 88% increase in throughput, 39% decrease in bugs and 35% decrease in completion time.

Data Science and Analytics

- Our analytics platform architecture supports a single pane of glass view of 95 cybersecurity and enterprise data sources.

Mission Support Services

- Our functional experts and dashboard visualization tools support classified mission performance and visibility.

Enterprise Software Solutions

- We provide full lifecycle delivery of human capital management, learning management, financial systems, content management and workflows across the IC. We provide technical experts in PeopleSoft, OpenText, IBM Business Analytics, and Blackboard.
